

February Romantic Spa Treat

A soothing and sensual ritual that begins with a full body exfoliation using certified organic oil and VOYA's Bladderwrack body buff. Your body is then covered with finely ground wet seaweed and muslin sheeting whilst enjoying a therapeutic head massage. Immerse in a bath of organic seaweed, hand-harvested from the unspoilt Atlantic coast of Ireland, followed by a full hour of relaxing body massage and a mini-facial. The journey will relax tired aching muscles, deeply moisturise and detoxify your body and increase blood circulation.
