YEAR OF THE WATER DRAGON MASSAGE

The soothing massage begins with a welcoming foot ritual followed by a massage concentrating on the deep-seated tension in the lower back and shoulders. A warm mineral mud mask will then be applied to the lower back enveloped by moist heat. A soothing scalp massage concludes this journey of watery wellness.

DOUBLE WATER DRAGON RITUAL

The celebratory ritual was created for the romantic couple seeking good fortune and prosperity in love. The two hour ceremony commences in the Spa Suite with a welcoming foot ritual. Symbiotic rhythm is restored as a couple's massage performed in synchronicity on our side by side treatment tables. The water element reinforces the love connection in a warm soaking bath infused for two to conclude the journey.
