About Small Growers

All bottles of Champagne are labeled with the name of its source. This is done by a two letter code followed by numbers usually on the edge of the label. I choose to highlight this detail because I separate the Champagne at Azul by the two types of producers we carry, R.M. and N.M.

R.M. Recoltant Manipulant – Grower Champagne

This is a grower who grows his own grapes to make his own Champagne.

N.M. Negociant Manipulant – Grande Marque

The Champagne houses who source their grapes from several growers to make their style of champagne. In addition to separating by type of producer I also separate the Grande Marques by identifying their finest champagne or Prestige Cuvee.
