SPECIALISED FACIALS

AGE REPAIR 90 min

This highly effective treatment aims to reduce the signs of ageing without the use of harsh chemicals. This repairing and Anti-Ageing Facial works with natural oils of inca inchi and larch extract, which stimulate collagen formation to deliver firm and tightened skin. The anti-inflammatory properties of Pomegranate and Rosehip Seed oil meanwhile work on slowing down the effects of ageing skin. Skin is cleansed and exfoliated with Jojoba Beads or Corncob Granules, and is then massaged using Apple Seed Extract, Raspberry Seed Oil and Date Palm Oil all of which are renowned for their cell renewal and anti-oxidant effects. Two masks are applied, a Rose Gel to hydrate, and an intense Strawberry Seed and Frankincense Mask to firm and plump. Whilst the masks take affect, the eye area is taken care of with a Lymphatic Massage to improve skin suppleness and elasticity. A luxurious Scalp Massage releases any remaining stress and tension. The result is a firm, plumped and more youthful looking complexion.

SKINN IQ FOR MEN 90 min

A facial that delivers "visible results", it's ideal for getting skin into peak performance. This treatment includes a double skin peel to reduce ingrown hairs, face massage to soothe and calm and leaving skin instantly revived.

MANDARIN ORIENTAL SIGNATURE SPA THERAPIES 120 min

Mandarin Oriental's signature spa therapies have been devised to address guests' increasing desire for simple, effective and authentic spa experiences.

Developed in consultation with specialists in Traditional Chinese Medicine (TCM) and master aromatherapists, each signature therapy consists of a relaxing, hands-on body massage ritual that combines the powerful effects of oriental meridian massage with the therapeutic benefits of custom-blended essential oils, created uniquely for Mandarin Oriental. Each treatment begins with a private therapist consultation in order to determine each individual's personal and current state of well-being. The treatment and oils are then tailored to each guest in order to leave the body, mind and spirit in perfect harmony. Guests are also provided with nutritional and exercise guidance so as to extend the beneficial effects of the programme at home.

TIME RITUALS™

TIME RITUAL 120 min

TIME RITUAL 180 min

Mandarin Oriental's bespoke "Time Rituals" encourage guests to book time rather than specific treatments, so that services can be tailor-made to meet individual needs. Each Time Ritual begins with a soothing foot ritual and is designed to restore a natural state of equilibrium.

ORIENTAL HARMONY 120 min

Four hands work in perfect unison in a remarkable experience that inspires a harmony of the senses. The treatment begins with a soothing foot bath in purifying waters, leaving the feet soft and supple and the mind relaxed. Next, two therapists work together in time and movement, first providing a warm scrub that smoothes and replenishes the skin and later a harmonious massage that balances the body. The treatment concludes with a simultaneous head and foot massage leaving the mind uplifted, the body energised and the skin exotically fragrant.

SUITE EXPERIENCES

Our private Spa Suites allow guests to embrace nature in a private, healing sanctuary. All Suite experiences include time for relaxation. A refreshing fruit platter and assortment of juices will be served.

PETRIN RITUAL 120 min

This treatment experience begins with foot bath and a full-body brushing to stimulate and exfoliate the skin. You are wrapped in a cocoon of natural mineral mud to draw out impurities and release toxins while your

therapist performs a cleansing facial and scalp massage. Exposure to hot steam then softens the mud so that its beneficial ingredients may be absorbed by the body. The treatment is completed by a warm shower and full-body massage.

MANDARIN RITUAL 180 min

Indulge yourself in a signature Time Ritual™ – a holistic journey that will fully relax your body. Continue the relaxation with meditation to refresh your mind and spirit and to support the healing process in your body.

VLTAVA TREAT 120 min

Based on Czech spa traditions, this experience re-mineralises your body with a wrap in freshwater mud as well as a relaxing bath with salts from Karlovy Vary. The treatment continues with therapeutic massage for help in alleviating muscle stress.

JOURNEY

LINDEN BLOSSOM 90 min

This wonderful treatment is inspired by the linden tree, the national tree of the Czech Republic. The Czech people have long ascribed great importance to the linden tree owing to its intoxicating scent and lyrical character. The linden has traditionally occupied a central position within Czech villages, its influence lasting for generations as people gathered under the trees to tell stories and pass on myths. The leaves are heart-shaped, thus signifying love and the state of being in love. The Linden Blossom scrub offers the mind and body a calm and soothing passage into deep relaxation with aromatherapy massage.

BODY MESSAGES

ORIENTAL ESSENCE 60 min

Begins with a short back diagnosis consultation in order to determine each individual's personal and current state of wellbeing. A full body massage is then tailored to each guest in order to leave the body, mind and spirit energised, revitalised and in perfect harmony.

SWEDISH 90 min

This traditional massage uses firm, regulated pressure and long, strong movements to release muscle knots and tension in the body. The combination is particularly effective for easing tired backs and limbs.

THERAPEUTIC 90 min

This truly effective therapeutic massage helps dissolve aches and strains. The oil is applied to the body via the therapist's elbows and forearms in this stimulating and deeply energising massage.

AROMA STONE 90 min

This relaxing massage uses heated stones to generate energy and create a sense of balance and calm, as well as to relieve to deep-seated muscle tension. Stone therapy is a Native American Indian practice which has been used since ancient times as a soothing and healing treatment.

AROMATHERAPY 90 min

A deeply therapeutic holistic treatment combining the power of essential oils with the best of eastern and western massage techniques. Creates a feeling of physical relaxation and calm whilst mentally uplifting and clearing the mind.

THAI 90 min

Performed while one wears loose Thai-style clothing, this traditional massage is conducted on a futon. A combination of gentle rocking motions, rhythmic acupressure and assisted stretching serve to deeply relax and revitalise body and mind. Benefits include increased flexibility, relief of joint and muscle tension and a balance of the body's energy system.

SHIATSU 90 min

Traditional hands-on Japanese healing therapy that rebalances the flow of energy along the meridians. Shiatsu takes advantage of natural body weight in applying pressure to special points on the body. This is combined with stretches, joint rotations and joint manipulation to give an all-over treatment aimed at treating the client on a holistic level.

ORIENTAL FOOT THERAPY 60 min

In oriental philosophy, the feet are considered a mirror for the systems and functions of the body. Relax with this traditional treatment that begins with a fragrant foot bath followed by a skilful exfoliation and massage to smooth the feet and lower legs. Finally, a relaxing massage along the energy points of the feet and ankles helps to raise natural energy, thereby encouraging the release of tension.

BODY TREATMENTS

COFFEE INDULGENCE 120 min

Nourish body and soul with this luxurious treatment designed to rejuvenate dry, out-of-condition skin. An intensive salt and coffee body exfoliation stimulates the circulation and sloughs off dead cells to revive dull, tired-looking skin. Hands and feet are given special attention with applications of rich vitamin E oil to cuticles and heels and a freshwater mud mask to truly soften and condition the skin. Your body is layered in hydrating and mineralising marine algae and then massaged, while the skin is then protected with velvety moisturising body butter. Finish with an enriching scalp and hair treatment to encourage circulation and balance sebaceous activity, helping to promote healthy, conditioned hair.
